About The Conference

Welcome to the International Conference on Advanced Science and Engineering 2019 (ICOASE2019). The conference is technically sponsored by IEEE which is represented by IEEE Iraq Section. ICOASE2018 is jointly organized by the University of Zakho and Duhok Polytechnic University.
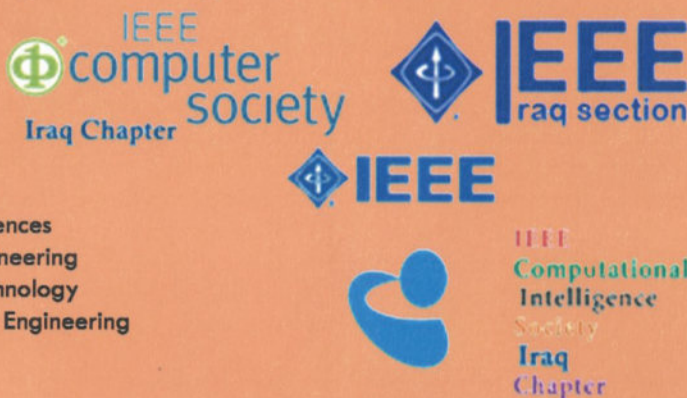

The Conference is the premier forum for presenting the new results of advanced topics in science, engineering, and their applications. The aim of the conference is to bring together leading academic, scholars and students, in order to discuss theoretical and practical issues through sharing their experiences and research results. Its focus is to create and distribute knowledge about the use of scientific and engineering applications.

Call For Papers

The committee of the ICOASE 2019 invites research papers on all cross-cutting themes of science and engineering, principally focusing on the following 10 conference tracks:

- Control Engineering
- Information Security
- Electrical Engineering
- E-Business and E-World
- Pure and Applied Sciences
- Earth Science and Geoscience
- Natural and Environmental Sciences
- Mechanical and Industrial Engineering
- Computer and Information Technology
- Electronics and Communication Engineering

- CONFERENCE DATES: APRIL 02,03,04TH, 2019

Submission Deadline December 10th, 2018

Conference Proceedings

All accepted papers (min. 4 pages / max. 6 pages) will be published in the conference proceeding (digital copy on CD) and a book of abstracts will be given to all participants on the registration day.

Publication Opportunities

The aim of the conference is to publish a set of high-quality research papers in the IEEE Xplore digital library after the conference. All accepted papers will be submitted to IEEE Xplore for publication and indexing after rigorous reviewing.

IEEE reserves the right to exclude a paper from publication after the conference (e.g., removal from IEEE Xplore) in two cases:

- if the paper is not presented at the conference, or
- if the quality and findings of the paper are not well explored and convincing. This will be checked by IEEE which applies to all accepted paper.

Any accepted paper that will not be presented at the conference will be withdrawn from the conference proceeding, and will not be submitted to the IEEE Xplore Digital Library.

Submission Guide

All accepted papers must not be previously published, and not considered elsewhere for publication. The submission is electronic and only a DOC format will be considered. The paper should be designed according to IEEE format and should not exceed 6 pages.

Paper Format

The template and the formatting instructions of IEEE can be downloaded from:

- MS template
  https://icoase2019.uoz.edu.krd/?page_id=140

All paper are submitted electronically via EDAS, but the author needs to have an account. If you don't have an EDAS account, we can create an EDAS account and submit the papers conveniently by sending an email to icoase2019@uoz.edu.krd including the following information:

- Name of the all contributed authors, with EDAS account (if available)
- Email addresses of all authors
- Contact address of all authors (affiliation)
- Track name and topic
- Attach the manuscript file in DOC format
